JUTKAS

For KKS

18) It is necessary for the Jutkawallas to obtain license from the Railway to enter and use the Railway compound Apart from the collection of this license fee, the Railway has not fixed any rate for the carriage of passengers etc., It is, in fact, doubtful if legally the Railway can fix the fares that are to be charged by Jutka-owners to places in the City beyond the Railway limit These Jutkas are hackney carriages which have been licensed by the Municipality and the fares they have to charge from place to place within the Municipal limits are to be fixed and prescribed by the Municipality It is understood that the Municipality in Bangalore City have prescribed certain rates under powers vested in them by the Municipal Bye-laws, but apparently, there is no machinery to see the fares that are therein prescribed are operative and that Jutkawallas do not extort more The present position therefore is that the Railway is exercising no control or supervision in this matter

19) The question now for consideration is whether the existing arrangements in both there respects are satisfactory and if now, what steps can be taken to improve or remedy matters

20) In this respect, the Municipality has to prescribe fares that may be charged by Jutkawallas and to see that this is strictly adhered to. This is a matter which the Municipality and the City Police have to do in conjunction and the necessary measures will have to be taken by them.
